VOTE the log cabin ticket and you will uphold your country.

VOTE the log cabin ticket and vote to make your wife and children a home.

WHEN you vote under the rooster you vote to put yourself on a level with Mexico.

If you are in favor of good government, vote early and vote under the log cabin.

If you want your money good, vote under the log cabin. If you want cheap money vote under the rooster.

MR. PARKER is now playing into the hands of the Democratic managers and has sold the principles of his party to that organization.

STUDY the question well and if you want to be honest with yourself, vote under the log cabin. If you are in favor of riot and mobs, vote under the rooster.

WILL the Populists who are honest in their convictions be sold out like cattle in order to benefit Mr. Parker? If they vote under the rooster they endorse Mr. Parker's action.

SUCH mobs as the Covington disgrace is only the outgrowth of the Chicago platform. It proves conclusively that they are in favor of anarchy, repudiation, suppression of free speech and are no good to anyone. Will the people tolerate such, if not they will stamp their ballot under the log cabin.

TWO weeks ago we asked the Herald some plain questions. Questions, which, if they answered truthfully, would have taken all their argument away from them. They have never tried to answer the questions, which shows clearly that they do not believe what they are preaching. They are wrong and are trying to deceive the people. They have been presuming too much on the ignorance of the voters, who are much better informed than the boss editors of the Herald.

WELL, well, Mr. Lee B. Stevens comes out in a card in the Herald and says he never told the editor of THE REPUBLICAN about the Fordville Rally. Last Thursday morning Mr. Stevens was in our office looking over our exchanges, and brought up the conversation, and he was asked by the editor for a non-partisan view of the Fordville Rally, but he was not asked anything about it until after he had called attention to the lie of the Herald in saying there were 1,500 in that parade. We say that he did tell us the exact words as were used last week and now he denies it and it will have to stand, and we leave it to the public to say who has lied.

IF YOU own a silver mine it will pay you to vote under the rooster.

VOTE for the respectability of your family and vote under the log cabin.

POPULIST who vote under the rooster endorse the sell out of Chairman Parker.

If you want to put yourself on an equal with the Chinaman, vote the rooster ticket. China is a free silver country—wages 10 cents per day.

If you are getting too much wages, vote the rooster ticket and you will certainly get them lowered. History will prove this. Look at Mexico, a free silver country.

SOME rowdies attempted to break up Mr. Bryan's parade in Chicago this week. This is wrong; they ought to let him alone, he is making votes for McKinley every day.

AND the Herald and its gang endorse the hoodlum element who disturbed Mr. Carlisle at Covington by not coming out and condemning them. That Covington outrage is the Chicago platform in operation.

THE Herald never denied failing to publish a notice of the Sound Money meeting at Rockport. They have tried to suppress free speech, and by failing to publish that notice they put themselves on record as not being in favor of free speech.

THE Popocrats have resorted to everything imaginable in order to win in this campaign. They have tried to keep the truth from being told, when they knew they had nothing to support their pet theory. They are now ready to boast that they have captured the Populist vote solid. They have said everything they could think of against the men who fought to save the country; they have condemned them from almost every stump in the county, because they are intelligent men and are going to vote the Republican ticket.

VOTERS desiring to keep in the middle-of-the-road and vote only for Bryan and Watson and Durham can do so by stamping their ballot under the Plover and Hammer, which will count for Mr. Durham for Congress and then going to the rooster column and stamping in the small square just to the right of the name of J. C. FLOURNOY and W. R. BROWDER. Mr. Flournoy's name will be the third name in the rooster column, while Mr. Browder's will be the fifth name in the same column and if an X mark is stamped in the small square just to the right of those two names they will be counted for Bryan and Watson only, and Sewell will not be in it.

To the voters of Ohio county we would say that we have just interviewed County Chairman Gibson, of the Republican committee, and he assures us that a revision of the poll of Ohio county just completed places it in the McKinley column by a handsome majority and that many new converts are being daily added. To this we will add that Mr. Gibson knows what he is talking about, as he has had a poll made three times within the past four weeks and is in direct communication with every precinct nearly every day. Voter, if you desire to be on the winning side, get there by going to the polls early next Tuesday morning, by stamping your ballot in the large square embracing the log cabin.

SOME mud slinging politicians around Hartford have been attempting to criticize some of the actions of the Hon. Jno. W. Lewis while he was in Congress last winter. We notice that the same men who are thus vilifying Mr. Lewis are the very men who last winter were asking him to help them in getting an appropriation for Rough River. How ungrateful they must be. The appropriation was secured, all we asked for, and these same fellows who will receive the greatest benefit are now working against Mr. Lewis from a partisan standpoint. God deliver us from such hypocritical fellows. Mr. Lewis has made us the best Congressman we have ever had and deserves the endorsement of his people so that the work he has begun may be finished. The people of Ohio county especially owe it to him, they owe it to themselves to vote for him.

THE Popocratic managers of Ohio county showed their love for the Populist in the Special Election last spring. If they had supported Mr. Bender, the Populist, he would have defeated Dr. James, but they would not do it. What are they doing now? They are begging and pleading with the Populists to help them foist upon the American people something that they do not believe to be right. They have always abused the Populists on every occasion that presented itself, and now deep down in their hearts they hate the Populists worse than they do Republicans, but they are now begging, they are pleading for the Populist vote. Will they get it? If the Populists are willing to be traded off like cattle, they will support the rooster ticket, if not they will spurn their false friends and turn with dismay from them. The Democratic managers have bought the leaders of the Populists party and now expect the rank and file of that party to be delivered as if they were stock being driven to market. These are questions to be studied.

BEFORE this paper is issued again the election will have come and gone, the people will have passed on an important question, one that perhaps will rule the country for years. It is yet time to study the question and vote intelligently. The welfare of the country is at stake, the life and the liberty of those who are near and dear to you are brought directly to the front in this fight. Free silver, free riot and the suppression of free speech, have been the battle cry of the Bryanites throughout this campaign, and should that party be successful we may expect all these things to be carried into effect. Mr. Bryan says if we have free silver we will have a panic; Mr. McKinley says if we can get this question settled right, the workshops will be opened and prosperous times will certainly follow. Which do we want? That is the question. There are only two questions to be decided. If you want less work and less pay, vote for Bryan, but if you want more work, better prices and a chance to make an honest living vote the Republican ticket. The country was prosperous until this same Democratic party debauched it, and if the Republican party is successful in this struggle we will again have a prosperous and united people. If Bryan is elected we will have a wide spread panic, disaster and dire want. Our workshops will be closed, our wives and children will go half starved, and, as the free silver leaders say, the tide of civilization will be set back twenty years. Vote intelligently; vote for home, vote for your home people, but for God's sake don't vote to enrich the greatest trust in the world—the silver trust. Vote the Republican ticket, go home, kiss your loved ones, and ask a blessing for Him who rules the universe for guiding you right in this matter.

IT HAS CHANGED. By it, we mean the esteemed Hartford Herald. Our beloved contemporary is straining its whole energies towards the election of Bryan and the success of free and unlimited coinage of silver at the ratio of 16 to 1. In looking over some editorials clipped from past issues of our neighbor, we fell upon one entitled, "A word to the Press of Louisville." This was in its issue of September 4, 1895. In that editorial the Herald makes this interesting remark: "The Herald has never joined in the demand so widely reported for the free and unlimited coinage of silver at the ratio of 16 to 1, because we have never been convinced, that this law would remedy the evils which we know to exist. If we thought, as many of the best men in Kentucky do think, that the evil could be extirpated, we should have no hesitancy in taking up the fight for silver."

What confidence can be restored in a paper which one year ago was not for free coinage, but is now screaming with all its power for free coinage? Was the Herald right in 1895, or is it right in 1896?

Hon. S. E. Smith, the greatest colored orator in Kentucky, will speak at the Court House to-morrow at 2 p. m.

Among the well-known Republican speakers who will take part in the big rally at Fordville on October 31 is Col. John A. Joyce, of Washington. Col. Joyce arrived in the city today, been born in the county of Bath. He is a strong, forcible talker. It is quite likely that he will be given other dates in the State.

"Too rich for their blood," is the heading of a bogus circular letter now being scattered over this county by Popocrats. This base forgery, seems to be late in reaching our county and we are surprised at this late hour to see our Popocratic friends trying to get this old lie off as something new. The truth of the business is, there is no No. 11 Wall St. in New York nor can anyone by the name of J. Francis Forsythe be found on Wall Street or any other street in New York. This matter has been thoroughly investigated by the National Republican Committee which besides finding that there was no J. Francis Forsythe also found that to have No. 11 Wall Street the building would have to be nearly two thirds of the way across East River.

This bogus circular which claims to be "bona fide" and "no fake" bears no date, is signed by nobody and no one is responsible for its contents. It also says the Denver Post and Fort Wayne Equivere established its authenticity last week. This is a mere assertion and if read 3 months ago or in 10 years from now it would appear as something fresh, as it bears no date and as stated before is signed by nobody and nobody is responsible for anything it says. Said circular also states that there is not a labor newspaper in the U. S. that is supporting McKinley. This is another lie for which no one is responsible as no one says so by signing the circular. In fact the whole circular is nothing but a system of campaign lying used purposely to delude and blind the honest voter. The truth is thousands of labor organizations are doing all they possibly can to elect McKinley, for having been fooled and thrown out of work by the free trade fallacy of 4 years ago, they are now striving to open up the coal mines, mills, factories, foundries and furnaces, and will do so by casting their ballots for Wm. McKinley.

Hon. S. E. Smith, delegate to the National Republican Convention will speak at the Court House at 2 p. m. to-morrow.

"Too rich for their blood," is the heading of a bogus circular letter now being scattered over this county by Popocrats. This base forgery, seems to be late in reaching our county and we are surprised at this late hour to see our Popocratic friends trying to get this old lie off as something new. The truth of the business is, there is no No. 11 Wall St. in New York nor can anyone by the name of J. Francis Forsythe be found on Wall Street or any other street in New York. This matter has been thoroughly investigated by the National Republican Committee which besides finding that there was no J. Francis Forsythe also found that to have No. 11 Wall Street the building would have to be nearly two thirds of the way across East River.

This bogus circular which claims to be "bona fide" and "no fake" bears no date, is signed by nobody and no one is responsible for its contents. It also says the Denver Post and Fort Wayne Equivere established its authenticity last week. This is a mere assertion and if read 3 months ago or in 10 years from now it would appear as something fresh, as it bears no date and as stated before is signed by nobody and nobody is responsible for anything it says. Said circular also states that there is not a labor newspaper in the U. S. that is supporting McKinley. This is another lie for which no one is responsible as no one says so by signing the circular. In fact the whole circular is nothing but a system of campaign lying used purposely to delude and blind the honest voter. The truth is thousands of labor organizations are doing all they possibly can to elect McKinley, for having been fooled and thrown out of work by the free trade fallacy of 4 years ago, they are now striving to open up the coal mines, mills, factories, foundries and furnaces, and will do so by casting their ballots for Wm. McKinley.

Hon. S. E. Smith, the greatest colored orator in Kentucky, will speak at the Court House to-morrow at 2 p. m.

Among the well-known Republican speakers who will take part in the big rally at Fordville on October 31 is Col. John A. Joyce, of Washington. Col. Joyce arrived in the city today, been born in the county of Bath. He is a strong, forcible talker. It is quite likely that he will be given other dates in the State.
